July 2011

Dear readers...

As you'll read on **Page 31**, we've said goodbye to another well-known name in machine knitting **Barbara Belton** of **Busy Bee Basics** died in hospital at the end of April, just after the June issue had gone to the printer. Whilst the country was getting ready for the Royal Wedding, Hilary was arranging her mother's funeral. Over many years, Hilary and I have become close friends as we've shared many of life's difficulties in looking after elderly mothers. It will be a difficult time as she deals with things and then works out whether or not to keep the business going. I do hope she can find a way and that she'll be able to join us at the Chepstow

show. Our thoughts and prayers are with you and your family, Hilary, at this sad time.

Plans for **Machine Knitting LIVE!** at **Croydon** are well in hand, as you'll read on **Page 49** and a new face this year is **Wendy Piper** with **Knits 'n' Bits**. She'll bring a wide range of used machines and accessories plus spares, parts and books. There's still a possibility that **Joan Fielding-Brown's** family plans will work out so she can bring **Gregory Green**, but it's a long way from Aberdeenshire.

I've been chatting to **Patricia Dadson** who tells me that her **Knitaholics Spectacular** will take place at Harold Hill Community Association in Gooshays Drive, Romford, **Essex RM3 9LB** on **24th September**. The show will open from 10.00 am until 4.00 pm. A competition has been organised and the theme is 'knit and wear a summer top'. Guest speaker is **Iris Bishop**, there will be refreshments and there's also plenty of parking. Entry is **£5** and for more details call **01708-347263**.

Plans for **Machine Knitting LIVE!** at **Chepstow** are gaining pace and I hope the move to **Saturday 30th July** will bring more of you to the show. Last year numbers were disappointing, so perhaps a Saturday date will do the trick. When **Alice Wilmshurst** organised the show, it was always two weeks following Croydon so let's hope the change is a good omen. Exhibitors so far include **Anne Baker** and Karabee Designs, **Hilary Belton** with Busy Bee patterns, **Arnold Bennett** with buttons and yarn, **Clair Crowston** with her pattern collection, the **Guild of Machine Knitters**, **Hague** linkers, twistors and lots of accessories, **Beryl Jarvis** with Info Sheets and her Mock 'V' on DVD, **Wendy Piper** with **Knits 'n' Bits** and used machines and accessories, **Silver Reed** knitting and sewing machines plus overlockers, **Uppingham Yarns** with popular yarns and **Sue Woolley** with **Woolley Weights**. These shows are now a lifeline for many of us as well as those companies trying to keep machine knitting alive, so please make every effort to support them all.

Blooming marvellous

A community 3D knitted garden has blossomed all over **Bournemouth Library**. In partnership with the library and **Bournemouth Arts Department**, the project attracted 1,600 knitters and crocheters aged from two to 99 years. Arranged over all three floors, the knitted garden will be on display in Bournemouth Library until **4th June 2011** and then at **Kinson Library** from **10th June** until **2nd July**.

The Textile Society

A range of bursaries and awards are given each year by **The Textile Society** to students and institutions who take part in its prestigious competitions. This year **Graham Preston**, who we featured in Spotlight in the June issue, collected third prize in the category 'Knit for Fashion' and second prize in the British Wool Marketing Board section 'Knit for Fashion using British Wool'. Many congratulations Graham! The Textile Society Membership Secretary is **Sheila Bamforth** at 15 Crossways, Berkhamsted, Hertfordshire HP4 3NH. Tel 01442-863954

New from Pony

The sheer luxury of **Pony bamboo interchangeable knitting pins** and **cable pins** will all knitters. You have to experience to believe the smooth, lightweight feel of high quality bamboo for easy knitting. Bamboo is a natural material with strength and flexibility that improves with age. The pins are quiet and comfortable in the hand and the stitches are less likely to slip off the beautifully finished tips. The pin ends are made from top quality solid brass with a high precision screw thread to attach the interchangeable cables securely, whilst also providing an even surface for stitches to glide along. Made from high-quality bamboo they're 60% lighter than aluminium, an important consideration for older arthritic hands. They're available in sizes 3, 3.25, 3.50, 3.75 and 4 mm gold ended as well as 4.5, 5, 5.5, 6, 6.5, 7, 8, 9 and 10 mm with black ends. The RRP is around **£6.75** for sizes 3 to 8 mm and around **£11.25** for sizes 9 and 10 mm.

Interchangeable cables

These soft, flexible nylon cables ensure trouble-free knitting and allow yarn to travel freely. The high precision screw-in cable ends are manufactured from the same top quality brass as the solid pin ends and connect with a simple clockwise turn. A gold or black colour-coded circle is printed at the top of each pack and corresponds to the relevant adaptors, extenders and knobs. These flexible nylon cables are available in 40, 60 and 80 cm lengths and sizes from 3 to 10 mm with black and gold screw fixings, depending on pin size. The RRP is around **£1.60** for all sizes. Pony products are available nationwide from all good knitting, craft, and hobby shops. For stockist information, contact **Pony** by e-mail at crafts@stockistenquiries.co.uk or call **01453-883581**.

Craft & Design awards

Sally Weatherill of Castle Hedingham, Essex has won the £2,500 **craft&design Selected Gold Award for Textiles & Needlecrafts**. Sally is a talented weaver who designs and creates beautiful fabrics. She then uses them for her unique collection of scarves, ties, cushions, handbags and lavender-filled animals. Sally graduated from the **California College of the Arts** and then moved to the UK. She's well-known for her collections of devore scarves and has recently moved to weaving. Two runners-up each received silver awards and the first is **Sarah Ford** of Stockton-on-Tees. She incorporates silk screen printing, layering, appliqué and Swarovski® Crystals to create her own range of gifts and products for the home. The second winner is **Nicola De Cruz** who creates an exquisite range of individual handbags and purses from her home town of Ashford in Middlesex. To view the enormous range of talent at the online gallery, visit www.craftmaker.co.uk

Summer jewels

Sushilla Jewellery has added new gems to the popular **Tallulah** collection. The company uses semi-precious stones in its rough, organic state so no two pieces are ever the same. New stones for this range include Black, White and a gorgeous Pink Drusy - colours that are crying out to be worn this summer. The jewellery is unusual and new, combining a dressy and casual feel at the same time. Cufflinks are a new addition, so there's something for the boys as well. Sushilla is at Lynton House, 53 Woodgreen, Witney, Oxfordshire OX28 1DB Tel 01993-706703 E-mail sushilla@sushilla.co.uk Website www.sushilla.co.uk

Family tree

Use this gorgeous print as a family tree or for twelve memorable pictures. Each family tree is in two pieces and the front has either pink or blue bordered 'picture frames'. The under sheet has photo guidelines to align 3.5 x 4.5 cm photos, so they peek through on the tree sheet. Handmade, it costs £45 and fits an IKEA Ribba frame. It's available from **Garrendenny Lane Interiors** at Garrendenny, Crettyard, Carlow, Co Laois, Ireland Tel +353 (0) 86 1051007 E-mail info@gdlaneinteriors.ie Website www.garrendennylane.com

Art in Action

This festival of fine art and master craftsmanship takes place in the grounds of **Waterperry House, Oxfordshire** and this year's dates are **21st to 24th July**. Art in Action champions art in all forms and styles, so visitors can find everything from traditional crafts to cutting edge contemporary arts. Waterperry House is near Wheatley, Oxford OX33 1JZ and opening times are 10.00 am to 5.30 pm daily. Booked on line, ticket prices range from £8 for concessions to £15 for adults and there's free car parking. For details call **020-7381 3192** or visit www.artinaction.org.uk

Crafts we love

Our selection this month includes cross stitch inspiration, some iris folded cards and a gorgeous cupcake book - all with great reader savings from Search Press

School's out for summer

Here's an idea for children, especially those starting school for the first time this autumn. **Berisfords ribbons** can be used to liven up a whole array of school accessories. We can personalise exercise books and pencil cases or use them to embellish school bags. The barley twist cord makes a great drawstring for gym bags. Available in many gorgeous colours and designs, Berisfords ribbons can also be used for embellishing gifts for children new to primary or play school. **Stripe** comes in 15 shades and two widths (9 and 16 mm); **Ditto** in ten shades and one width (3 mm) and **Barley Twist** in 16 shades and one width (5 mm). Prices vary from 30p to £2.42 per metre and for stockists **E-mail** Berisfords@stockistenquiries.co.uk, call **01453-88581** or visit **www.berisfords-ribbons.co.uk**

CROSS STITCH FLOWERS

by Sophie Hélène
Every machine knitter knows how much inspiration is to be found in cross stitch designs, so do look out for this book of over 400 floral patterns. Sophie Helene includes borders, alphabets and motifs in a range of different sizes and styles, together with ideas and inspiration. Each pattern is presented as a colourful easy-to-follow chart, with a key showing the thread colours used. The book contains methods and materials used, making it a fabulous resource for cross stitchers (and machine knitters!) of all abilities. The designs can be easily adapted by changing colours and mixing and matching different elements.

Look North

With many thanks to the **SMK**, here are details of forthcoming events.

5th Nov 2011 Autumn Workshop at Parklands Centre, Alva FK12 SBG from 10.00 am to 4.00 pm.

11th to 13th Nov 2011 Residential weekend workshop at Helensburgh. A few places remain at the Helensburgh workshop at RSR Braeholm. Chairman **Pat Fountain** will help and advise all knitters and the cost of the weekend is £150. For availability contact **Dorothy Ross** at Eastbank, 10 Hanover Street, Helensburgh G84 7AW or e-mail enquiries@eastbankscotland.com. To book, send a deposit of £50 (cheque payable to SMK) and the balance of £100 is due on **1st October**. If possible send (by e-mail) your name and address, telephone number, e-mail address, make and model of machine and dietary requirements. They also need to know what you plan to knit, because Helensburgh doesn't have a knitting club so patterns and equipment must be organised in advance. As places are limited and if you're going to the Oban Workshop you can only be on the waiting list for Helensburgh and you must be a member of SMK.

17th March 2012 Wardie Workshop, Edinburgh has now been booked from 10.00 am to 4.00 pm.

Scottish Machine Knitters

The aims of the **Association**

are to raise and maintain the highest standards of workmanship in machine knitting as well as to promote the craft and inform through exhibitions, courses, demonstrations, publications or any other media. **Full membership**

is open to machine knitters living in Scotland and associate membership to machine knitters living outside of Scotland. All members share the same privileges and benefits, but only full members vote at general meetings or seek election to the committee. The cost of full or associate membership of this excellent group, for the year from **1st June 2011 to 31st May 2012**, is **£12** and cheques are payable to the 'Scottish Machine Knitters Association'. To join, please contact membership secretary **Mrs Ann McCulloch** enclosing an sae. Her address is 1 Dalriach Park Terrace, Oban **PA34 5EG**.

Prem baby knit-in

We're grateful to **Margaret Robbie**, Editor of the **Scottish Machine Knitters Association Newsletter** for telling us about a huge donation of baby clothes made by members of **Angus Machine Knitters**. Courtesy of SMK, the picture shows club organiser **Wilma Stewart** on the left handing over this huge array of colourful tiny clothes and blankets for Tayside's premature babies. Receiving them is Arbroath midwife **Sheenagh Howard**, who made sure the smallest garments were forwarded to **Ninewells Hospital**. Some of the larger items will be useful in the Maternity Unit in Arbroath where she works.

Sheenagh's mum is a member of **Angus Machine Knitters** who continue knitting their programme of smart jackets in Yeoman Grigna, suitable for evening wear. Knitters are also planning their next charitable project of blankets and clothing destined for Peru - a charity close to the heart of one of the members. It's time to felt

On 2nd July from 10.00 am to 12.45 pm **Clare Alderson** shows how to create felted jewellery at **Texere** in Bradford. You'll make felted balls and beads and learn how to blend colours and create sushi beads. The £23 fee includes Merino wool fibres. A continuation course on the same afternoon from 1.15 to 4.00 pm, will create a felted corsage using silk and wool. Clare will then introduce needle felting for adding details. This course is £25 including Merino wool and silk fibres, a felting needle and handle for you to take home. The half-day workshops are held once a month at Texere and you receive a £10 voucher to spend in the shop if you book any two workshops. FOR ALL YOUR MACHINE KNITTING NEEDS

Dear Anne

This month our readers have lots to tell and share. If you've a favourite suggestion, a story to tell or a point to make then share it with us by writing to Anne at the usual address on page 3 or e-mail mail@machineknittingmonthly.net

Knitting in Knaresborough

Dear Anne

I'm the person who commissioned the ferret pattern from Jo Newton featured in the May issue of MKM, as I wanted a jumper with one of my ferrets on it. Consequently I've knitted the jumper and enclose a photograph of my grand-daughter wearing it. You'll notice that the ferret is the other way round to the one on the pattern. This is because the Mylar sheet reader on my machine was not working when I received the chart from Jo, so what was I to do? I decided to knit it in two-colour Fair Isle, selecting the needles by hand and setting the carriage to knit Fair Isle. This worked very well and didn't take too much time. In fact, it would probably have taken longer to mark the Mylar sheet, had I been able to use it.

I live in Knaresborough, North Yorkshire and am a member of New Earswick Knitting Club in York. I'm also the secretary, so if anyone in the area is interested in joining our club call me on 01423-860923 or e-mail me at

themortons@talktalk.net. Meetings are held every 2nd and 4th Monday in the month from 2.00 to 4.00 pm. Lastly, my thanks to Jo for designing a super ferret which is very much like my Dexter. I also have four other ferrets which are all kept as pets. Best wishes to all from **Greta Morton** by e-mail

NO MORE EXCUSES!

A reader wrote this letter to Alice Wilmshurst and it applies so much to all of us that we've included it here.

Dear Alice

I've had a knitting machine since the children were small and turned out whatever was needed in the way of stocking stitch sweaters and cardigans. Productions became fewer and fewer as their interest in wearing my efforts decreased and my interest in making them took second place to my being back at work, yet I never stopped buying books and the yarns. "That's lovely", I'd say and "I'll do that one day".

Is it possible that my only knitting enjoyment is in thinking about it but not actually in the doing? I'm now going to find out! I've retired, I have the time, yarn and space to use my Duo 80 whenever I wish. What may have inhibited me up until now is that the loneliness of the Passap knitter, has also gone since you've returned

with the fellowship of your readers. Despite the fact that I seem to have more 4-ply in the cupboard than anything else, my books and patterns display their garments on slim young models and that I now need very few new clothes, I shall put my mind to it.

My husband and grandchildren are to wear the 4-ply, probably in stocking stitch and Fisherman's rib. As I am neither slim nor young but very tall, I'll not be distracted by the glossy pictures but be realistic and practical. Simple garments that fit is what I'll aim for and I'll use the Green Ruler and the charting device and the cut and sew instructions and the steaming kit and the overlocker at last. When all that is mastered, I'll do what I really wanted to do all the time and find out about how to punch the cards - or should I do that first? I'll just put the kettle on and think about it over a cup of tea. Best wishes from **Pam Manasseh**

BASIC INSTINCT

Dear Anne

You often ask for suggestions for the magazine and I'd like to see more 4-ply acrylic patterns in the magazine, such as the longline cardigans with pockets that appear to be very popular at the moment. Along with them I'd also like basic items such as 'V' neck sleeveless pullovers and so on. I know many will say 'how boring', but don't forget the readers out there that like 'boring'. It's great to see patterns with all the fancy yarns, but for those on a budget it's not always achievable.

Someone once told me that acrylic is the workhorse of machine knitting, so let's not forget that acrylic is a versatile yarn and comes in many different colours. It would be great to see a 'basic selection' from toddler to adult size enabling the knitter to use their own imagination in knitting stripes or adding Fair Isle borders and so on. Best wishes from **Fran Davidson** by e-mail

Thanks for writing Fran and it's perhaps time to revive the Tuck Stitch Collection I featured in MKM a while ago. All the designs had stocking stitch instructions and many of the magazines are now out of print so I'll schedule them in forthcoming issues.

IS BLUE OUT OF FASHION?

Dear Anne

I'd completely forgotten about my blue wrap until I saw it on Page 55 in the February issue. Giving instructions for casting on made it seem very long, but I suppose that's necessary for new knitters. I've been looking back through 40 years of magazines for inspiration for something I can wear for a party in July and another in September in Toronto. I've so many skirts and tops that are mostly green and I want a change. Is blue out of fashion? There's very little on the shade cards and is there any chance of a dress pattern in the next few months?

I've just made a long cardigan in King Cole Riot for my pregnant grand-daughter, but don't really like acrylic. I've been experimenting

Count me in

Dear Anne

I just couldn't resist sending you this picture of Joshua at grandma's knitting machine! Learning how to hold the transfer tool correctly is quite difficult for small fingers, but he soon got the idea. I wonder if this is the youngest machine knitter at just six years old? He loves wearing jumpers made on grandma's knitting machine and is fascinated by how it works and how to make things. I'd changed my mind on the knitted neckband of his latest sleeveless jumper and he asked if we could make two wrist bands with it instead of throwing it away. He picked up the waste knitting so that he could cast off and we then cut it into two pieces and sewed them up. He went home with his new jumper plus the knitted wrist bands. By the way, the pattern is from Bramwell's Rogues Gallery Book 3. I used Bramwell Fine 4-ply in Xmas Green acrylic, which is good for a garment that will be constantly worn and in the wash and it came from my Stash Box. Best wishes as always from **Margaret Cummings**, Donnington MKC in Lincolnshire

Joshua at Grandma's Knitting Machine

Learning how to hold the transfer tool correctly is quite difficult for small fingers

with Bill King's stitches using some yarn I got at Dream Week and have been telling our Guild that there's always something for everyone in MKM. Two of our members are going to Dream Week this year. They're both long-standing, or

should I say long-sitting, members and do some fantastic work. Another old member moved to Perth several years ago and is now the secretary there. I'm hoping Fair Isle will be fashionable again soon, meantime I'm trying out patterns

that are 'all over' rather than straight lines. Most of the garments I see in M&S and elsewhere seem to be chunky and loose and don't fit anywhere, which would not please my late tailor-trained husband! Yours, **Joan Wilson** in Belfast

As most women of a certain age are not model size, specialised ranges are now becoming extremely popular. Whether you're tall, small or simply well rounded, **Sally-Ann Carroll** has found just the right fit

PETITE

In print

When you're planning a new creation, have you ever thought of knitting a matching scarf? As you can see, it instantly completes the outfit and adds the finishing touch. Here's the perfect ensemble for a forthcoming wedding, christening or any summer special occasion.

Purple spot top with scarf £67. **Skirt** £75, both in sizes 10 to 18, by Eastex (01582-399850)

PETITE

Just the jacket

A little Chanel-inspired jacket can transform any knit that's seen better days. It would look good worn over separates or a simple knitted shift dress. You could, of course, copy the design and knit one yourself. The cut is destined never to date, so pick a colour that you'll always love.

Check jacket £125. **Dress** £89, both in sizes 8 to 20, by Minuet Petite (01582-399809)

PLUS

So long

A shrug is a woman's best friend. It covers up all those unsightly wobbly bits and is the perfect partner to any sleeveless dress. If you haven't already knitted one, what are you waiting for? Isn't this ditsy floral print dress pretty too? You'll notice that the shops are full of maxi dresses and if you haven't tried one on yet, perhaps you should.

Blue shrug £18. **Dress** £60, both in sizes 16 to 32. **Ivory lace scarf** £12, all by Ann Harvey (01582-399877)

Foot note

Whether you prefer a high or low-heeled shoe, fit still remains number one priority.

Not only does Duo have a good size range, all their shoes are available in 3 width fittings. Comfort and style, oh what a wonderful combination.

Natural pump £70. **Bronze wedge sandal** £70, both in sizes 2 to 9, by Duo (0845-0705588)

Have a heart

Why not treat your favourite knit to this fabulous heart necklace?

Necklace £12, by Yours Clothing (08448-204 204)

TALL

Nice and natural

If you've a favourite sweater that could do with freshening up, why not add a sequin or two? Notice how an attractive embellished panel turns this simple top into something special. If you've a classic blazer sitting in your wardrobe don't ever think about throwing it away. It's the ultimate timeless classic.

Cream top £36. **Twill blazer** £50. **Linen trousers** £45, all in sizes 8 to 24 by Long Tall Sally (0844-5736885)

PLUS

Line up

If you ever thought horizontal lines were unflattering, you were wrong. As this top is cut tunic length, it flatters and fits in all the right places. Notice the interesting hemline, which is worth remembering when you're next knitting a new sweater. The brooch detail too must not be forgotten. I'm sure you could almost knit a corsage yourself.

Striped tunic £18. **Jeggings** £12, both in sizes 14 to 32. **Brooch** £4. **Necklace** £10, all by Yours Clothing (08448-204 204)

PLUS

On trend

Well what you do think of this jazzy printed jacket? It is reasonably priced and guaranteed to add an injection of style to any jaded knitted wardrobe. If you're bored to tears with your black knits but can't bear to throw them out, well now you simply don't have to.

Printed jacket £28, in sizes 14 to 32, by Simply Be (0871-231 5000)

KATIE KARARA

This month we shine the spotlight on **Katie Karara**, a young knitwear designer working in Attleborough, Norfolk

“In the words of Lady Gaga, ‘baby you were born this way’”

Katie Karara specialises in creating sexualized, humorous and fictitious fashion. She brings to life her fantasy impressions by creating wearable art and explores different areas of fashion including surface design, illustration and embroidery. She’s particularly influenced by knitwear and uses an old Knitmaster Chunky 151 for her designs. She loves the machine because she likes mixing lots of yarns and colours together. She enjoys pushing knitwear to the boundaries and experimenting with different trims, yarns, sequins, beads and metals. Quite literally, anything she can get through the machine without it breaking will become a part of the magic. She also uses an old Toyota 901 for making her own Fair Isle patterns and currently, she’s producing a range of colourful eccentric patterned accessories for her local Alpaca farm.

Katie’s garments feature all sorts of different yarns, both recycled and new. She loves Yeoman Yarns and Texere because both companies have a wide range of exciting yarns. She’s found that saving up and buying high quality yarn is better in the long run, as her designs will last longer. She’s a glitzy Gaga type of girl who loves metallic yarns and can’t resist anything sparkly! As recycled yarns are included in her work she’s always searching charity shops, car boot sales and eBay for hidden gems. She uses old trims, ribbons, tulle and ripped fabric cutting it into strips before knitting it into a loopy stitch feature. She finds it more challenging to reconstruct and reuse unwanted materials and,

being a young designer, recycling is cost effective.

Katie uses both hand and machine knitting to explore different ways of using classic traditional techniques in a contemporary way. She combines knitting with crochet and has found it to be a perfect way to neaten edges with decorative stitching. She feels that everyone should know how to knit, because the possibilities are endless. Above all she wants to encourage others never to be afraid of being who they are and achieving everything they desire. In the words of Lady Gaga, “baby you were born this way”. Katie is currently building her website but has a blog and facebook page at www.katiekarara.blogspot.com and <http://www.facebook.com/home.php#!/pages/KATIE-KARARA/110786772283005> ■

BARBARA BELTON

1927 to 2011

It's with great sadness we let you know that Barbara Belton died at the end of April. We'd just gone to press with the June issue when Hilary rang to pass on the news. Barbara was 83 and had been in hospital for a few weeks. Hilary and her mother started Busy Bee Basics 23 years ago on 16th April 1988. During that time the couple produced well over 350 garments, each one designed and knitted by Barbara. Knitting had always been Barbara's passion and she'd space at home to set up several machines. In her workroom it was usual to find two garter carriages chugging away on punchcard machines as well as an electric motor whizzing across a Brother 940 and Barbara knitting on her Brother 260 chunky. As for yarn, you name it and the chances are Hilary still has it.

The last exhibition Barbara attended was Machine Knitting LIVE! in Rochdale last October. Hilary did suggest that the terrible weather was too much and perhaps she should stay at home, but Barbara was resolute. She never ran out of ideas and, in recent years, it was frustrating for her not to be well enough to design and knit. In spite of this she loved attending exhibitions and meeting friends.

Many years ago and as her health failed, Hilary and David gave Barbara a home with them where they loved and cared for her to the end of her life. We send our sincere condolences to Hilary, David and their daughter Laura as well as all the family and their many friends. ■

MAKING UP

Join left shoulder seam and join edgings. Place centre of sleeve tops to shoulder seams, then sew cast off edge of sleeves evenly to straight rows on back and fronts. Sew rows above markers on sleeves to cast off stitches on back and fronts. Taking half a stitch into seam join side seams and edgings, leaving a small opening on right side seam below marker for tie to thread through. Join sleeve seams and join edgings. Join edgings at front corners. Fold all edgings in half and slip stitch neatly on wrong side. Sew ties to fronts.

For perfect results, please check your tension carefully.

ABBREVIATIONS

For a list of abbreviations we use, please turn to page 62.

NOTES

Before knitting, prepare any punchcards or electronic sheets needed from charts provided. Note that punchcard patterns as shown, may have to be repeated until card is a suitable length for knitting. Punchcards require two rows of holes punched to start and finish of card for joining. We used Stitchworld Pattern 532 for ribs.

Electronic machines Place pattern over centre 0. Program machine for pattern before commencing knitting. Reverse switch 1 for Fronts. When knitting Sleeves, program machine to knit upside down. **Punchcard machines** turn card back to front for Fronts. Insert card upside down for Sleeves.

Knitting Buddies

FREE SERVICE

A number of readers have volunteered to give help and advice to beginners or those returning to machine knitting after a long break. If travelling distances are not too great, they may even sit with you whilst you develop some basic knitting skills. Please keep in mind that our Knitting Buddies are not trained professionals, so please don't take advantage of their generosity by overloading them with your queries. Remember also not to ask for or expect the impossible!

This is a free service to our readers, but for it to continue please understand that 'phoning one of Buddies at 10.00 pm for an hour-long chat is not reasonable. Do keep your calls short and if you need comprehensive advice, simply make arrangements to call back at a time that's convenient. For this service to work, do remember that co-operation is essential.

Pippin Designs

Many of you will remember Ruth and her lovely **Pippin Designs**. She's now retired, but her patterns have always been popular and Ruth still receives requests. As she's unable to help, we're reproducing some of her patterns in the magazine and we're most grateful for her permission. We've written the sleeping bag pattern as stocking stitch all over, so when it's folded it's plain on both sides. Many clubs now include hand and machine knitters so as Ruth's original pattern included hand knit instructions, we're including them here. Don't forget - if you've a special request for a **Pippin Design**, do let us know.

ending with carriage at right. Using A, K 5 rows. Using MT+2, K 1 row. Using MT, K 5 rows. Make a hem by placing loops from first row worked in A onto corresponding Ns. Unravel WY when work is completed. K 10 rows. Transfer alt sts. K 5 rows. Thread off. Pull up yarn, secure and join seam.

Summer Show 2011
– come and join us

We've everything well in hand for this year's Croydon show in July. It's a great day out for machine knitters and this year's date is Saturday 16th July. The doors are open from 10.00 am to 4.00 pm at John Ruskin College in Selsdon Park Road, Selsdon and the exhibition will include the usual mix of patterns, demonstrations, yarns, books and knitting machines. It will be nice to see old friends again and you'll find MKM at the show entrance from the car park at the back of the building.

ADMISSION

Advance tickets cost £5 or pay on the door if you wish and entrance is £6 for everyone. Children are admitted free as long as they're supervised throughout.

DESIGNERS

You'll find many of our top designers at **Machine Knitting LIVE!** This year at Croydon we welcome leading names including **Anne Baker** with Karabee Designs, **Iris Bishop**, **Ann Brown**, **Sue Castro**, **Elaine Cater**, **Clair Crowston** and **Beryl Jarvis**. **Hilary Belton** and

Carl Boyd send their apologies for being unable to attend.

FASHION SHOW

We hold the fashion show in the early afternoon and entrance is free. We include lots of club garments specially made for the show, so there's something new to see this year.

MACHINES & ACCESSORIES

There will be pre-owned fully cleaned and serviced knitting machines with a wide range of accessories at very affordable prices from Wendy Piper at **Knits 'n' Bits**. We'll also have new **Silver Reed** knitting and sewing machines plus overlockers and Sue Woolley will bring them, together with her **Woolley Weights**.

PARKING

Parking is right outside the back door of the college. The main bus route is on the road outside the school.

REFRESHMENTS

The college caterers provide drinks and refreshments at very reasonable

prices. We use the college dining room with lots of seating.

TALKS

Iris Bishop is our guest speaker this year in the air-conditioned suite.

YARNS

There's a lot to tempt you from **Nina Miklin** and **Uppingham** plus **Arnold Bennett** with his popular button selection and one-off yarns and buttons from **Anne Baker**. It's looking good, so please try and join us on the day. ■

PATCHWORK *round* THE BEND

This month **Bill King** abandons the cast on comb and weights to produce some fabulous patchwork knitting

Holding position used on both beds can be a little troublesome, due to the absence of the fabric presser, or sinker plate, used on the single bed. As soon as the short rows begin, the cast on comb starts to go lop-sided and more take down tension is required on one side than the other. With practice, however, it's quite easy to get used to where to apply this extra tension by using the fingers of your non-knitting hand. I usually abandon the cast on comb and weights and use my hand as the sole means of fabric take down.

Practice makes perfect and a good way to get that practice and experiment with a technique is to try this method of knitting patchwork squares. The repetition of the 90 degree turn, over a small number of needles, builds up the patchwork and you quickly learn where the extra tension is needed to make the needles knit properly.

CORAL SWATCH

You must first cast on and knit about

Grey & Cream swatch

60 rows with waste yarn in 2x2 rib (2x1 set up). Knit a draw thread in a fine, strong, smooth yarn over one row on each bed. Cast on with main yarn and knit two rows. Put one complete rib (two needles on the back bed and two needles on the front bed) into holding position. Set both carriages to hold and knit four rows. Repeat until all needles are in holding position. Now bring one complete rib back into working position and knit four rows. Repeat until all needles are in working position, then transfer the stitches to the back bed and cast off. Now pick up the same number of stitches from the side of the last piece and knit one row. Transfer to the ribber every third stitch and bring in the empty needles to make the 2x2 rib. You're now ready to knit the next square.

PURPLE & LILAC SWATCH

This is worked exactly as the Coral Swatch, but the yarn is changed half way, when all the needles are in

Points to Note

- As the shaping starts soon after cast on, you must use waste yarn to start with, otherwise the comb pops up at one side.
- Use weights if you wish, but they need moving along regularly.
- Remember to set the carriages to hold again after casting off.
- It's the stitches closest to the needles in holding position that cause the trouble, so this is where it's best to apply the extra tension. Use your finger tips to pinch the last few rows knitted and pull down.
- When you get right to the last two needles, there's not much fabric to pull on so use the latch tool to hold the fabric down.

“ Use weights if you wish, but they need moving along regularly ”

holding position and again when the next square is started.

GREY & CREAM SWATCH

Moving the last idea on, if two squares are knitted one after the other then an oblong is formed with the cast on and cast off edges along one of the longer sides. Changing the yarns either randomly or at regular intervals creates interesting geometric shapes.

BROWN & BEIGE SWATCH

The smaller squares, used here in a regular pattern, would also work with the squares going in different directions. It's surprising how your speed picks up once the technique is mastered and it's satisfying to watch the fabric steadily build up with your choice of colours. If you pick up the edge of the fabric before casting off, there should be no sewing involved. Tiny squares are probably best for small items and accessories, but larger squares would quickly build up to make a throw or long jacket. ■

This month **Alice Wilmshurst** has a selection of letters and some help with knitweave on a Passap

USING BRANDED YARN

Dear Alice

Some years ago and for the first time I bought some written knitting patterns. I was really impressed and the pattern came out so well. I just happened to have some of the correct yarn, so I bought a couple more designs. I spent most of my money on patterns - and this from someone who used to make dress patterns! I've actually done a C&G course in wholesale garment manufacture, so I can well appreciate the amount of work that must be put into designer patterns to get them just right. The point for me was that someone else has put all the time and effort in and ironed out all the mistakes. It was also a revelation using a branded yarn. I've always bought odd dye lots of 2/30s and other bits and pieces. My last bulk buy was from someone in the local paper. I'm sure I'll still want to design some of my own patterns in the future, but it's so nice to know that you can make something really fantastic with a little bit less trial and error - sometimes. Best wishes from
Angela Collinge

WHAT IF

Alice writes A reader wrote to say that the Deco instruction book states quite clearly that 'A' stands for Fair Isle and Fair Isle is knitted in two or more colours, so what would happen if she used Card 86A. I decided to try it out and my yarn was one end of 2/30s industrial acrylic in variegated yellow. I was absolutely delighted with the result. I did experiment with other settings, using the same card as well as others, but Card 86 was just what I was looking for.

Method Insert Card 86 A, clip together and set on 0. Using stitch size 3/3 and N/N, cast on and K 1 row. Change to CX/CX, stitch size 3/3 and K 2 rows. Add the Deco on 0 and K 1 row. Change to N/AX, set Deco on 2 and stitch size to 3/3 and knit.

I suggest that you look through the Deco Card Book Nos 110-330 and you may find others that I haven't spotted. Let's now think about the worst thing that could happen if it all goes wrong? Well, you wouldn't experiment using a motor, now would you? So the worst that can happen are jammed up needles,

in which case you take out the strippers, go into GX/GX and slowly take the lock to the other side. Problem solved!

THE PAIN BARRIER

Dear Alice

As a mere male, my interest in knitting came about because my better half bought a second hand machine. Her ladyship had tried many times to wring something out of it with only very limited success and great surplus of dropped stitches, tangles, loops and uncharacteristic bad language. I had the Royal command "look at that machine for me". I stripped and cleaned it, but it still produced faulty work and finally we relegated the machine to the bedroom where it leered at us at night, whilst taking up valuable real estate. Having (whilst being only lightly clad) impaled myself on it for the umpteenth time, the beast had to be tamed or it would have to go.

Machine knitting books were purchased, pored over and even a few lessons arranged, but for all my efforts I too was having as much trouble with the machine. Each time I dragged the machine out, our dogs would retire to the other end of the house. Reading all the literature and studying patterns was becoming a better hobby than the knitting itself. Have I become hooked?

The main trouble that both of us were experiencing was with the yarn feed. The instruction manual was followed, people who should know were consulted and always they said "put the brake on number 3.5 and that should be about right". However, this week I spoke to someone who spotted that we were threading up incorrectly. Eyelet 4 was the culprit (as in the handbook). In my wisdom, I thought that the yarn ought to run much smoother through the top half of that eyelet. Wrong! It should go through the lower half. Indeed, you can thread it as the last eyelet after having the yarn fastened off in the slit at the right hand end of the front bed. It really is crucial to have it in this position. The inverted 'V' shape acts as an additional brake and because of the variable angle that the yarn makes with it, it becomes self-regulatory. It's ingenious and why oh why can't Passap make it clearer in the handbook? Our situation has been transformed and the yarn feeds through like pouring oil from a spout. Work is now flowing from the machine and even the dogs sleep soundly round my feet whilst I rattle away. I hope this proves useful to someone else going through the pain barrier. Best wishes from **Sid Penman**

SHAPE A V-NECK IN BX/BX

At the 'V' point, transfer one stitch to adjacent needles at right and left on both beds then continue patterning as if there are no hole marks. Knit three rows and transfer the next stitches to their adjacent needles on both beds. Knit another three rows. Continue doing this until you reach the top of the neck. You now have a perfect 'V' for cutting out, so continue as for cut and sew.

WEAVING

Angela Gordon sent this to Alice back in 1992 and it's certainly not for the faint-hearted!

We can create knit woven fabrics on our machines and although it's a somewhat laborious process they're quite interesting to knit. Knitweave has very little lateral stretch and produces a fairly stable fabric, which must be taken into account if you intend combining it with other stitches. It's necessary to either:-

- 1 Cut lengths of yarn for each row
- 2 Open lock and pass yarn between
- 3 Knit with only the back lock
- 4 Keep yarn on left and knit two rows between each weave

SINGLE BED KNITWEAVE

Cast on only on the back bed or knit the rib and transfer. With the needle selector comb, move alternate stitches forward slightly until latches open, but not so far that the stitches fall behind the latches. Use individual lengths of weaving yarn, slightly wider than the knitting. Lay a length of weaving yarn into the needle hooks and pull the needles back to normal working position again, starting from the needle furthest from the yarn end to allow the yarn enough slack to take into the needle. Knit the row and repeat.

SINGLE BED VERTICAL KNITWEAVE

This is quite fun to do and can be used to create narrow vertical bands of anything from a single stitch to several, as well as for intarsia-type patterns in knitweave. It really is best if knitted with only the back lock (E6000 knitters should disconnect and unplug the electronic cable). Use black strippers. You really need to chart your pattern before starting the knitting. Choose some interesting textured yarn or shiny ribbon tape. Wind lengths of yarn onto bobbins (these can be made from bits of card or bought). According to your chart, bring slightly forward the required needles and lay the yarns into the hooks.

IDEAS

Stay cool as a cucumber in **Lincot** 3-ply; it's 62% linen and 38% cotton from **Yeoman** on 450g cones

Take the needles back to normal position and knit one or two rows according to design. Repeat as necessary.

Variations Try knitting a combination of the two, also try laying the yarns in with long floats between them which can be picked up to create interesting effects. Try knitting more rows between weave rows because it's not necessary to weave on every row or even alternate rows to create an interesting design. This works well for sideways knits.

DOUBLE BED KNITWEAVE

It's the texture in the weaving yarn used that results in the success or failure of double bed weaving. There are some lovely textured hand knitting yarns that we wouldn't dream of knitting on our machines but they're excellent for inlay yarns in knitweave. The main yarn is better to be slightly thicker than is often used on Passap and Pfaff machines. A 3-ply minimum and 4-ply makes good jacket weight fabric with a suitable weaving yarn of double knit or thicker.

The technique requires all needles in work on the back bed and selected needles in work on the front bed. Yarns are laid across the beds, between the knitted rows. It's easiest to lay yarn double every two rows. A cast on comb and weights will help to keep a larger gap into which we lay the weave yarns. Have a smaller stitch size on the front bed than on the back bed, which will be knitting stocking stitch between the groups of needles on the front bed. Use black strippers if there's a large space between working needles on the front bed.

I set pushers to working position on the back bed under all the working needles and used BX to knit every row. This allows us to bring up an extra needle at the ends, which is used to catch down the weave yarn every time it's laid across. Just knit the weave yarn manually into the stitch already on the needle on every alternate row. It helps to keep the weave yarn down below the strippers

at the row ends. An alternative way to catch the weaving yarn is to remove the stitch before last at each end, hooking the weave yarn behind it before replacing the stitch on the needle.

If the weaving yarn is not too thick, thread it into the second eyelet and knit across the work by setting pushers beneath all working needles, with locks set to BX and left arrow key depressed. E6000 knitters will have to either program an appropriate technique to select the pushers to working position and rest position every two rows with front lock on LX, or set the front lock to GX for the two weaving rows and N/N for the two knit rows.

Variations Try lots of different yarn combinations such as mohair, angora, silk, slub, knops or odd balls including changing the knitting yarns as well.

- Try different spacing between the stitches in work on the front bed. Use racking for a zigzag pattern.
- Cable some of the groups of stitches or transfer the edge stitches across to create a lattice effect.
- Use a tuck pattern on the front bed needles and you could even try a small Jacquard pattern.

Alice writes I've used this weaving for cuffs and pockets. It's very effective but quite time consuming so have a cup of coffee handy!

PASSAP TRICOFIT

Tricofit has been on the market a number of years and many knitters have this useful gadget. These days we hear very little about it, so I thought I'd re-write some of the information I have on it.

Your Tricofit will make casting off quick and easy for single and double bed knitting. It will also cope with tubular (circular) knitting even if you haven't knitted on all the needles, because, every turn of the handle will make a chain stitch which gives a neat and tidy finish to your knitting. Moreover, you can also cast off only a part of the knitting (for instance when shaping an armhole or neckline).

Now let me mention something you'll not expect to find on this gadget. Should you want to check how many stitches you've already cast off, the Tricofit has a built-in stitch counter. If you want a chain stitch cast-on for a stocking stitch knitted item, the Tricofit will make it as neat as if you had cast on by hand. The attachment is suitable for the Duomatic as well as the E6000, so do look out for one. ■

Summer sundae

Linda Collins summer bag is a wonderfully creative way of using up oddments of 4-ply yarn with Card 3

PATTERN RATING

★★ Fairly easy for knitters with some experience.

MACHINES

This pattern is suitable for standard gauge punchcard or electronic machines.

MATERIALS

Any 4-ply yarn

Oddments in White (MC) and Contrast Colour (C). Crochet hook. Lining material 33 x 62 cm (13 x 24½ in).

MEASUREMENTS

Approximately 31 cm, 12¼ in wide and 30 cm, 12 in deep.

TENSION

No tension swatch is necessary (tension dial setting approximately 5).

ABBREVIATIONS

NOTES

We used knit side of knitting as right side of bag. Before knitting, prepare any punchcards or electronic sheets needed from the charts provided. Note that punchcard patterns as shown, may have to be repeated until the card is a suitable length for knitting. Punchcards require two rows of holes punched to start and finish of card for joining. On Silver Reed electronic machines, place needle 1 cam between Ns 12 and 13 at left or right of centre 0. Press button 1 (right light on) and button 2 (left light on for 580 and SK 840 machines, right light on for earlier models). On Brother electronic machines, place pattern over centre 0. Switch 6 in upper position.

Alternative therapy

Although we all love our knitting machines, there comes a time to do other things. So, if something interesting comes our way, we'll find a corner in the magazine to pass it on and this month we've a family board game about gardening and self-sufficiency

THE GOOD LIFE

This unique game has been given the thumbs up by TV's home-grown self-sufficiency expert, Hugh Fearnley-Whittingstall. The family board game allows you to live the good life whilst being educational. Players move their wheelbarrows around the board collecting fruit, vegetables, pigs and chickens for their gardens and allotments. This fun but educational game covers many topical issues and teaches children about important roles and values. Hopefully it will encourage the next generation of green-fingered gardeners. It's not as easy as planting a few lettuces; you need to protect your chickens from foxes, sell produce at the local market for a profit and even avoid bird flu! With stock available from May 2011, Go Green is sure to fly from the shelves quicker than you can say 'there's a pig in that cabbage patch'. The RRP is £24.95, suitable for age 7+ and for 2 to 4 players. Slip slidin' away

Slip or skip? Call it what we will, **Joan Lafferty** reminds us that it's another technique the machine does for us automatically

First of all, let's be clear about 'slip' stitch. It's the name we usually give it, but anyone new or returning to Brother machines will find it called 'skip' stitch. I've been pondering on this and have come to the conclusion that skip is probably nearer the action that the machine does. 'Slip' is certainly what a hand knitter does when taking a stitch from one needle to the other without knitting it. However, the machine doesn't take anything off, rather it misses knitting a stitch altogether. In other words it skips it and I'm just quibbling! Call it what we will, it's another technique the machine does for us.

If we own a ribber, we use slip stitch every time we cast on. After the zigzag row we've to slip first on one bed then on the other to give a firm edge. You notice I've only done two rows of slip and I never do three, four or five. It's up to the individual, but I find that two rows are quite sufficient. I also seem to knit a lot of lacing cords or rouleaux as we call them if we want to be 'posh'! They're worked over three or four stitches and, again, use the slip technique. I also make a lot of little dolls, about three inches high. The arms are lacing cords, knitted over six stitches and I've even used eight stitches for tiny legs - although I find that these are better made flat, sewn up and stuffed to make them stiffer.

There are examples of slip stitch in all the instruction books, giving a surface pattern which can be very attractive - that is, to all except the hand knitting 'purists'. The raised pattern is on the purl side and some traditionalists consider the reverse side of the knitting to be the 'wrong' side. I used to knit for an elderly, house-bound lady who liked self patterning - in other words no 'two-colour' knitting. She wouldn't consider tuck, slip or skip stitch -

but I could get away with fine lace. This is a Brother technique and the pattern appears on the stocking stitch side of the work. We still have to live down some of the old traditions, including machine knitting itself for that matter!

How often have I heard it said, "I have a knitting machine, but it's under the bed, in the loft, garage, or on top of the wardrobe" or "I used to make all the children's school cardigans on it, but I can't be bothered now". If only those ladies would make their own knitwear and garments for the rest of the family, they'd find themselves able to spend holidays in Florida every year. (Don't write in, I'm just joking!)

As usual I've gone a long way from my original slip stitch subject, so back to the instruction book. I've long admired a little picture of flowers which I first saw many years ago in a punchcard pattern book issued by Brother. It appeared to be knitted with three colours in a row and was, of course, slip stitch. I can't lay my hands on it at the moment and it was probably mislaid when I moved house because I'm sure I wouldn't throw away a hard-back machine knitting book! There are many examples in *Stitchworld* and one of them is shown opposite.

This technique is in Brother *Stitchworld* (No. 391). A glance at the chart at the back of the book shows that every two rows are marked in

'positive and negative', like Double Jacquard on the ribber. This is a bit of a fiddle for punchcard knitters, but all this is ready prepared for us on Brother electronic machines.

It's not the easiest of patterns to knit, since it involves changing the yarn every second row and it's much easier to knit if you use a colour changer. Mine is not in its first youth; the plastic knob on the 'cancel' button is missing and so is one of the wheels that holds the yarn. It's done stalwart service over the years and I manage with it because I rarely find it's absolutely necessary to have four colours threaded up at the same time, certainly not for my little flowers, which need only three colours.

In general, slip stitch makes the work slightly narrower than stocking stitch and it grows even more slowly when three colours are used in this way. So, once again, I'm going to say what's almost a signature tune for me - 'you must do a tension piece'. I don't think I could see myself doing a whole jumper using three colours in a row, but it would certainly make a nice border on, say, a cardigan.

This in itself needs a little consideration. I've just pinned my stocking stitch sample and my 'flower' sample together. Working over 60 stitches, there are seven stitches more on the stocking stitch sample, which means that our band of slip stitch would pull in if knitted at the same tension. To counteract this, I'd certainly go one whole number higher and possibly add a few extra stitches on each end of the slip stitch band. Naturally, this problem wouldn't arise if you made the whole garment in slip stitch. 'Yer pays yer money and yer takes yer choice', on this issue!

Sewing up the sides of the garment would need a bit of thought. Here I must quote my other favourite dictum - it's much easier to put a

two-colour garment together if you use mattress (or ladder) stitch. This is worked from the right side, so it's easy to see where stripes or Fair Isle stitches should meet at the sides. In the case of our slip stitch band, it might be necessary to take a slightly wider seam over the stocking stitch part. I do this sometimes with a band of Fair Isle, if I've omitted (or simply forgotten!) to do this one whole number higher than the main tension. It's a technique used much more by dressmakers than knitters. I've just been altering a dress where the seams vary in width so if 'they' can do it, so can we!

There's a multitude of slip stitch patterns using only two colours and I can't say I'm over fond of them. In my opinion, many of them are too 'busy' and again, they need the yarn changing every two rows. However, they'd certainly make a garment that's different and eye catching. On the whole I prefer slip stitch knitted in one colour, which makes a nice self-pattern. It's very easy to knit and not as boring as plain stocking stitch. ■

Starting over

Joan dropped us a line to say that she's reasonably well, within her limitations. She had a nice visit from her goddaughter and partner recently. He put up with their nattering very well. They got her down the back step and they had a nice sit in the sun on the garden bench. Joan also tells us that she has a 'love hate' relationship with MKM! She likes to hear all that's going on but feels somewhat frustrated that she can't go and try some of the things mentioned. She has to tell herself that even if she still had a machine she couldn't sit at it for long! She doesn't know if she can put the relationship into a few words for the magazine, but says it will have to be amusing because she doesn't want to put off the waverers! Go for it Joan!

Neckbands

This month **Beryl Jarvis** shows beginners and improvers two ways to knit and attach a single bed neckband

For their last exercise, my students used *Info Sheet 1.3 Holding Position Shoulders and Necks*. They knitted samples of a round neck and a 'V' neck, with backs for each. This time, they'll learn two methods of knitting and attaching a basic single bed neckband using my *Info Sheet 1.4 Neckbands*. I asked my improvers to knit several samples of round necks and backs, ready for the class! How many of them have remembered, I wonder? Those who have can move straight on and try variations on a single bed, round neckband; the others will need to take a bit of class time to knit their samples first!

FRONT LINE

The samples of fronts are knitted by casting on 64 sts and knitting until RC shows 026. You then set machine to hold needles in holding position. Move all needles on opposite side of centre '0' and five extra needles on carriage side of centre '0' to holding position. In the following directions, the usual abbreviations apply.

- 1 * K 1 row, push 1 N to HP at neck edge; rep from * until 18 Ns rem in WP.
- 2 K until RC shows 048.
- 3 Release shoulder sts on WY. (*Info Sheet* shows shoulders are also shaped by holding position method.)
- 4 Rejoin MY and reset RC to 026.
- 5 Work other side to match.
- 6 Pick up sts from straight sides above shaped neck.
- 7 Using MT and MY, K 1 row.
- 8 Using WY, K several rows and release from machine. Make a note how many sts are at front neck.
- 9 Backs are knitted to same width and length, then 18 sts on each side are released on WY for shoulders. Back neck will be 28 sts wide, so release them on WY.

JOIN UP

Let's start by joining right shoulder

of a front and back on machine. The following method makes a quick and neat shoulder seam. As shoulders of samples were taken off machine with a few rows of WY, we pick up sts from right shoulder of front or back, with right side facing.

- 1 Make sure sts are behind latches and carefully remove WY.
- 2 Onto same Ns pick up sts from back or front, with right sides facing each other and wrong side facing you. This time, put sts into needle hooks.
- 3 Hold second piece of fabric firmly and remove WY from this shoulder.
- 4 Still holding fabric firmly, move Ns back to WP, taking second set of sts through first.
- 5 Continue to hold fabric, to prevent sts jumping off Ns, then bring Ns forwards again.
- 6 K 1 row at loosest tension and cast off with latch tool.

BRAIDED NECKLINE

Let's start our variations on a neckband. Sample 1 is knitted in same colour and Sample 2 is in a contrast yarn.

Classwise revisited

Beryl Jarvis ran a very successful course in Leicester for more than ten years and her **Classwise** series of articles is based on life in her classroom and her teaching. The series started in *To & Fro*, then continued in **Modern Machine Knitting** and ended some long time ago here in **Machine Knitting Monthly**. So many knitters are retuning to machine knitting and asking for our help that we've decided to publish the articles again. This will not only give beginners a chance to follow through the course, but also allow those returning to machine knitting to make a fresh start.

Beryl's **Info Sheets** are still available to readers and if you'd like a list of the full set, including prices, please send Beryl a self-addressed and stamped envelope to:

Beryl Jarvis, 90 Asfordby Road, Melton Mowbray, Leicestershire LE13 0HR.

Tel 01664-850418. E-mail beryl.jarvis@ntlworld.com

With P side facing, pick up sts from front and back neck and remove WY. K 2 rows at loosest tension and cast off with latch needle tool (see Samples 1 and 2). These loose rows will naturally fold over and large loops will form above fold.

- 1 To knit a neckband starting with WY, number of Ns should equal front plus back neck sts.
- 2 K 1 row with a nylon cord, then knit band tightening tension towards neck on first side and loosening tension away from neck on second side.
- 3 Pick up loops from first row of band. K 1 row at MT, remove nylon cord and WY.
- 4 Onto same Ns, pick up large loops formed by folded-over braid, with fold towards band.
- 5 K 1 row at a MT+1 (one whole number larger than MT) and cast off.

SIDEWAYS CABLE NECKBAND

Cast on by e-wrap method over 16 Ns as shown in Diagram 1. At MT-1 (one whole number less than MT) K 4 rows.

* Work a cable with two double (two-prong) transfer tools over cabling Ns and K 8 rows *. Take care to always cable in same direction and rep from * to * until strip is long enough for neckline. Try to finish with four rows after a cable. Cast off. A good method of working out the length of a sideways-knitted neckband is to add number of sts on back and front necks together, multiply this number by 5 and divide by 3.

JOIN BAND TO NECKLINE

- 1 With right side of back and front facing you, pick up sts onto adjacent Ns.
- 2 Onto same Ns, pick up from neck edges of band with cable facing garment.

Sample 1

Sample 2

Sample 3

Sample 4

“Here’s a good method of working out the length of a sideways knitted neckband”

Sample 5

- 3 K 1 row at MT+1 (one whole number larger than MT) and cast off.
- 4 With latch tool, latch up alt loops on foldline. (The cable can be highlighted, as shown in Sample 3, by working a chain stitch in a contrast colour on either side of cable.)

BIAS COWL NECK

Start at far right of machine and cast

on width of strip required. As you’ll be knitting on a bias, knitting will need to be wider to compensate. Using MT, work as follows. ** K 6 rows. Inc 1 st at left and dec 1 st at right **. Rep from ** to ** until strip is long enough for neck. Cast off. This could be knitted as a plain strip 15 cm wide, or wider, to suit garment and wearer. It’s then attached by one edge and allowed to roll over naturally (see

Sample 4). Alternatively, it could be made narrower (about 5 cm wide) and striped to match garment (see Sample 5). The narrower band can be folded in half and both sides attached to the neck stitches. I do hope you’ll try these samples and incorporate them into your own garments. A pretty neckline can really highlight a plain garment and add a lovely finishing touch. ■

Abbreviations

These are our standard abbreviations.

alt = alternate(ly); beg = beginning; ch = chain; cm = centimetres; cont = continue(ing); dc = double crochet; dec = decrease(ing); foll = following; g = grams; HP = holding position; in = inch(es); inc = increase(ing); K = knit; mm = millimetres; MT = main tension; MT-1, MT-2, MT-3 = one, two, three full sizes tighter than main tension; MT+1, MT+2, MT+3 = one, two, three full sizes looser than main tension; MY = main yarn; N(s) = needle(s); NWP = non working position; P = purl; patt = pattern; RC = row counter; rem = remain(ing); rep = repeat; ss = stitch size; st(s) = stitch(es); st st = stocking stitch; tog = together; UWP = upper working position; WP = working position; WY = waste yarn.

Yarn guide

We sometimes give a yarn guide thickness on our patterns and the approximate weight of the original yarn used is shown below. We do not quote a thickness for those yarns which we feel cannot be substituted.

1, 2 & 3 are extra fine yarns Fine, medium and full bodied one ply yarn including 2/30s

4, 5 & 6 are fine yarns Fine, medium and full bodied two ply yarn including 2/16s

7, 8 & 9 are fine to medium yarns Fine, medium and full bodied three ply yarn including 3/8s

10, 11 & 12 are medium yarns Fine, medium and full bodied four ply yarn including 4/8s

13, 14 & 15 are medium to thick yarns Fine, medium and full bodied double knitting yarn including 6/8s and 8/8s

16, 17 & 18 are thick yarns Fine, medium and full bodied Aran knitting yarn including 12/8s

19, 20 & 21 are extra thick yarns Fine, medium and full bodied chunky knitting yarn including 16/8s

Mock rib instructions

Used for welts, cuffs, neckbands and other edges on single bed machines without a ribber.

Push the number of main bed needles given in pattern to working position. Push every alternate needle back to non-working position for a 1x1 rib or every third needle back to non-working position for a 2x1 rib. It may be necessary to reduce this number by one needle at one or both edges to keep the rib even. (Increase the stitches after the mock rib has been worked to give the same number as the pattern.)

Using main tension and waste yarn, cast on and knit a few rows ending with carriage at left. Set row counter at 000. Using at least two full sizes tighter than main tension, knit the number of rows given in pattern for rib. Using three full sizes looser than this tension, knit one row. (This loose row gives a neat fold line.) Return to two full sizes tighter than main tension and knit the same

number of rows as before. Push empty needles from non-working to working position and make a hem by placing loops of first row worked in main yarn evenly along the row. Make sure that each empty needle holds a loop to prevent a row of holes across the work. Unravel waste yarn when work has been removed from machine. After garment has been blocked to size, insert a metal welt bar or thin, clean piece of wood through the hem and pull firmly downwards to draw the stitches of mock rib closer together. Set the stitches by steaming lightly on the wrong side, if pressing instructions permit.

Quick cast-on

This method can be used not only for speed but also when the edges are either hidden or to be gathered by pulling up yarn end. With carriage at right, push alt Ns to WP. Use tension dial setting and either MY or WY as given in pattern. K 1 row. Carefully hook on the cast-on comb. Push remaining alt Ns to WP and K 1 row. The carriage is back at right. Cont as given in pattern instructions. When knitting is removed from machine, pull yarn end at cast-on edge to gather up sts or, for a straight edge, pull yarn end to remove any slack and fasten off. Your manual will describe this method of casting on although it may be called by a different name and may not use a cast-on comb. ■
